A SUCCESS

Was the Cosmorama of Arts and Trades Last Evening.

"Cosmorama," a copyrighted name of a unique performance, put on the stage under the auspices of St. Luke's Episcopal Church Choir, was a success and a hit from the time the curtain rose till it was rung down on the finish.

The business of about 85 different individuals and firms were represented by as many girls, on whom were displayed with artistic taste and much ingenuity, goods peculiar to the various businesses.

The girls first came out one at a time accompanied by a page who carried a banner with the merchant's name thereon. Later the entire number, and they were a multitude, formed, and executed an interesting, mazy march.

There were besides, several dances by little girls that were commendably clever and much enjoyed; and not the least was some fancy riding by little Miss Detlar, whose act took the house by storm.

A cute song by several little maids started the performance, and it pleased the house immensely. Their immature actions were the most refreshing novelties that one could strike in many seasons of theatrical going.

The people who attended were pleased with the performance and no doubt will commend this evening's exhibition to their friends as a profitable way to spend two or three hours.

SERIOUS FALL.

Well Known Citizen Injured While Getting Out of Bed.

Monday morning Mr. G. C. Best, Greene street, fell to the floor in attempting to get out of bed and was seriously injured about the right hip, though no bones were broken. Mr. Best has been ill for some time, and the accident was caused by his weakness. His advanced age, 73 years, makes the accident a serious one.

"CAN'T TERRIFY ME"

So Says Constable J. H. Dye in Regard to the Recent Arrests.

EDITOR LEADER:

Common women can be arrested on the streets without a warrant. Therefore I arrested two certain women on grounds that were in accord with that idea, established by law. The conversation held with the women developed such a state of affairs that I felt justified in making the arrests, nor do I consider that I acted unwisely, but only as an officer of the law should do. J. H. DYE, Constable.

A BRILLIANT DISPLAY.

G. A. Stanfield & Co.'s Second Street Store Worth Visiting.

Messrs. G. G. Stanfield & Company, the Second street plumbers, have rented the room above their plumbing shop for a display room and have stocked it with an elegant assortment of gas and electric light fixtures. The number of fixtures on exhibition, almost one hundred, ranging in price from \$2.00 to \$15.00, make a display never attempted in Marietta. These goods are usually bought from Catalogues, which is an unsatisfactory procedure in many cases and the enterprise of Messrs. Stanfield & Company in putting in a complete line will be a great accommodation to the public.

The room mentioned makes a beautiful appearance, especially at night, all the fixtures being hung from the ceiling. It is well worth a visit by all those who contemplate purchasing in this line. Mr. Stanfield states that the entire lot of goods was bought at receiver's sale and will be sold at prices approximating what plumbers usually have to pay for the same quality.

Bathing the baby is one of the joys of young motherhood. The baby's bath is the pleasantest feature of the day. This, of course, only when the baby and the mother are both healthy. Not much pleasure can be gotten out of bathing a peevish, sickly, fretful baby. If the mother isn't healthy, she cannot get much pleasure out of anything. Healthy mothers, who are careful, always have healthy babies, but the chances are against it. Every woman can have healthy, happy children if she will take proper care of herself. Dr. Pierce's Favorite Prescription is what she needs. It cures the weaknesses and diseases peculiar to women. It makes perfect women of them—women capable of maternity. Its use obviates the dreaded, and generally useless, physicians' "examinations" and stereotyped "local treatments." It is the only medicine for women sold by druggists, devised by a regularly educated, experienced, and skillful specialist in these diseases, and its sale exceeds the combined sales of all other medicines advertised for this class of maladies. Taken during the period of pregnancy, it prepares the whole womanly organism for its time of trial and danger. It practically does away with the danger and with nearly all of the pain.

Women who care to know all about the "Favorite Prescription," and all about their own physical being, and the best way to take care of it, should send 21 one-cent stamps to pay for the mailing only of a free copy of Dr. Pierce's great 128 page illustrated Common Sense Medical Adviser.
